2020-2021 YEAR IN REVIEW

In extraordinary circumstances, we worked hard last year to achieve the goals of our 5-year plan. Here is how we did it.

**Develop Learners and Scholars**
- 769 enrolled kinesiology students
- 8% undergraduate student enrolment growth rate.
- 2.4% graduate student enrolment growth rate.
- **Remote** delivery of all kinesiology courses with positive feedback from students.
- **Launched** a revamped Combined Degree with the College of Education, with the first-year intake up by over 300% from the previous year.

**Commitment to Reconciliation**
- 11% self-declared Indigenous student enrolment, up by 2.5%
- **Launch**ed the Don Bailey Lecture Series.

**Seek Discovery for Impact**
- **$2.3M** in research funding.
- **$2.0M** in tri-agency funding.
- **$1M** CIHR grant awarded to Dr. Heather Foulds to lead a study on the physical and mental health benefits of Métis dancing.
- **Groundbreaking** research surrounding mask use and exercise during COVID-19.

**Engage with Community**
- **USask Rec** offered virtual programming to the on and off campus community during COVID-19.
- **Successfully** continued to offer USask Rec programs for essential workers.
- **865** community participants in the USask Rec engagement survey.
