

2023-2024 COLLEGE OF KINESIOLOGY YEAR IN REVIEW

Last year we made significant progress towards achieving the goals of our five-year plan.

Here is how we did it.

846 undergraduate students up 3% from 2022.

42 graduate students.

Successfully launched **2 new KIN** courses for students.

160 undergrads, **4 PhD** and **10 MSc** students graduated.

DEVELOP SCHOLARS AND LEARNERS

Participated in the USask **blanket weaving project** as a part of the Week of Reflection actions.

USask Rec supported the **BIRM Program**

(Building Intercultural Resilience Mentorship) and welcomed 2 high-school students in a work placement program.

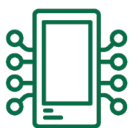

Piloted the **Helping Themselves** program.

A program for high school students across the province including Indigenous Girls in STEM.

COMMITMENT TO RECONCILIATION

ENGAGE WITH COMMUNITY

Celebrated the **Metis Community** involvement in jigging research with a supper and dance.

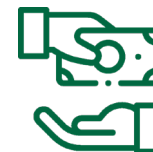

Over **11,000** downloads on the USask Rec App.

Renovated and renamed the **K.W. Nasser Courts**.

SEEK DISCOVERY FOR IMPACT

Over **2.5M** in tri-agency funding.

Increased participation in the **2024 College of Kinesiology Research Showcase**.

Secured **four years of funding** for each PhD student who enters our program.
